## AIM INTRODUCTORY JUNIOR CLINICS

AIM Junior clinics are scheduled on Saturday mornings, are 1 hour in length and operate for 4 weeks per session. They are structured to be age appropriate and include a variety of different activities to learn the fundamental movements of the swing and link them together to play. Our clinics are taught in a 6:1 instructor to junior ratio and will be split into the following age categories:

- 6 - 7 year olds
- 8 - 10 year olds

Over the course of the four week program juniors will be introduced to putting, chipping and the full swing. Our programming is designed to include both golf instruction and parts of our AIM movement program that has been altered to focus on junior development. Our juniors will learn the movements first without the club, and then put that new movement into practice with a golf club.

**\$115 for each 4 week session operating on Saturday mornings.**
